## PRINCIPALS MESSAGE

Good afternoon students and families of Aldergrove Community Secondary School,

As we head into the Victoria Day long weekend, we here at ACSS would like to wish all in our community a healthy, safe and restful few days in the pleasant end of May weather. As mentioned in our message to the community this past week, we truly appreciate all of your support and understanding as we have conducted this school year during the COVID pandemic. We are very much looking forward to completing this school year strongly and preparing for an engaging post-pandemic (hopefully) school year in 2021-2022. We do have much work left to do this year though – students in all grades continue to complete their final two courses of this school year, our Grade 12 graduating students excitedly prepare for their final high school days, capping off 13 years in school, and staff continue to work diligently to ensure that important learning is happening every single day.

Next week will be another short week for students as staff as, as always, Victoria Day falls on a Monday. Please be reminded that Wednesdays during “short” weeks include in-class learning for all students. Senior students will be in class on Wednesday next week – although it will be a unique Wednesday, as it also happens to be a day when the students will be dismissed one hour earlier than usual so that we may conduct parent-teacher interviews. If you haven’t booked a time to meet with your daughter/son’s teacher, please do so by following the booking link included in this newsletter.

Thank you. Have a wonderful and restful Victoria Day long weekend, everyone. Thanks for reading our newsletter!

Key upcoming May Dates:

Monday, May 24 – Victoria Day (school not in session)

Wednesday, May 26 – Parent-Teacher Interviews (1-hour early dismissal)

Monday, May 31 – PAC Meeting (7:00 PM)

## Information About School Status During Inclement Weather

Snow closures and power outages are an annual occurrence in Langley School District. So, where do you go to get information about the status of schools during periods of inclement weather? If you are able to access the internet via computer or smartphone, current information about Langley schools can be accessed on all school websites or [www.sd35.bc.ca](http://www.sd35.bc.ca). Updates are also posted to Twitter @LangleySchools and Facebook at [www.facebook.com/langleyschooldistrict](https://www.facebook.com/langleyschooldistrict). If you don't have internet connectivity but your phone is working, call a relative or friend in an area that has not been affected by the storm and ask them to check the district website for you. Local radio stations are also informed of school status in Langley. Tune in to CKWX 1130AM, CKNW 980AM, Country Radio 107.1FM, Pulse 107.7 or CBC 690AM or 88.1FM for updates.

Please note that Langley District schools are all considered 'open' until a decision to close is required. Decisions on school closures are usually made by 6:30am. As always, it is a parent's decision whether to send their child to school based on safety and individual circumstances. If you feel it is unsafe for you or your child to travel to or attend an open school for any reason, please keep your child home and report an absence to the school.

## GRAD GOSSIP

### Grads! Stage Crossing Write-ups are due this Friday!

You've had 3 weeks to get this completed and to date, we've only received 20 out of 155 grads, which means your teachers will be doing a lot of writing for you. Mr. Mathai promises if he's forced to write yours, it will be embarrassing. Ms. Caines promises if she has to write yours, it will be boring. We know this isn't the grad year you hoped for and Covid definitely put a damper on your grad plans, but we're working to make your grad ceremonies as special as possible (and we'll have an announcement for you after the long weekend.) To do that, we need YOU to write your personalized blurb. It can be as short as you want it, but make sure you thank those who are important to you. Take some time this week (and you've got all day on Friday Pro-D Day) and get it done! Fill out your stage crossing here: <https://forms.office.com/r/eK3JN4tUGX>

## **Please See Below for a message regarding COVID cases from our Principal**

*Hello everyone,*

*As you are aware, our school has received a number of notifications from Fraser Health due to COVID cases in our community. We understand that when multiple cases are reported, people in our community may wonder about the possible connection between cases. Through our work with Fraser Health, we assist in tracing the contacts in each case and do our best to determine whether or not the case is isolated or connected to previous cases in the school or community. Although we have received an influx of notifications recently, the data given to us by Fraser Health does not show widespread connectedness between cases.*

*Given the number of cases in our community, though, we are connecting further with Fraser Health to see if there is anything else we as a school can be doing to help reduce infections, either in the school or the community.*

*At the school we continue to maintain protocols of mask-wearing, physical distancing, handwashing and sanitizing. Our custodians have been doing an outstanding job cleaning all areas in the school, including the diligent cleaning, disinfecting and misting of all frequently touched surfaces. While we continue to regularly remind students and staff to follow our school health protocols, we will be increasing our schoolwide announcements emphasizing the need for all of us to be wary of COVID transmission both in the school and in the community.*

*Understandably, this has been a challenging year for all of us in schools. We would like you to know that we truly appreciate all of your support and understanding. We believe and know that together we can overcome these challenges.*

*Thank you, and please do remind your children to follow safe protocols of masking, physical distancing and hand-cleaning wherever they are.*

*Stay safe,*

## **New Daily Health Check Form – Digital and Print Version**

*Thank you for continuing to conduct a daily health check with your child. It is an important measure to help keep our school community healthy and safe. To better assist families, the Ministry of Education has developed an online K to 12 Health Check which can be found here: <https://www.k12dailycheck.gov.bc.ca/healthcheck>*

*A mobile phone app version can also be downloaded, called K to 12 Health Checker.*

*Print versions are available in multiple languages on our District website [here](#).*

## **Fraser Health COVID-19 School Update – Immunization for 12-17 year olds**

Health Canada has approved the use of the Pfizer vaccine for youth aged 12 to 17. British Columbia is expanding the COVID-19 Immunization Plan to include this age group.

Youth are excited to protect themselves and their families.

Children aged 12 to 17 can register to get vaccinated now by going to [www.gov.bc.ca/getvaccinated](http://www.gov.bc.ca/getvaccinated), calling 1-833-838-2323 or in person at any Service B.C. centre. Once child(ren) are registered in the provincial system they will be contacted at a later date via the method they indicated (either email or text) to book their vaccine appointment.

Household and group vaccination options are also available to make it easy for households to be immunized at the same time. Multiple young people in a household can attend one booked appointment and be vaccinated together. Young people accompanying adults to the adult's new vaccine appointment can register on site and do not need to be registered or booked in advance. Just let clinic staff know you have arrived.

Ensure all family members bring identification and ideally, their personal health card if they have one.

In the coming days, schools will receive an information package to be shared with families with key information such as how to prepare for and what to expect during your child's vaccine appointment.

More information can be found at [www.gov.bc.ca/getvaccinated](http://www.gov.bc.ca/getvaccinated) and at [www.fraserhealth.ca/vaccine](http://www.fraserhealth.ca/vaccine)

### Enhanced Safety Measures for K-12 Schools

*The District appreciates all the hard work from students, staff, and families in helping keep our community safe. We continue to work closely with the Ministry of Education and Provincial Health Office. This week the province announced changes to COVID-19 health and safety guidelines for schools. Mask requirements for middle and secondary school students and K-12 staff have been amended. Guidelines have also been strengthened for physical education and music classes.*

*It is important to note, our schools will need some time to implement these new changes; all changes will be in effect as of February 26, 2021. Your continued patience and support are appreciated. If you have any questions, please contact the school.*

*Please read below and full details found in the province's news release located on the District website [here](#).*

#### Changes to Mask Wearing

*All middle and secondary students and K-12 staff will now be required to wear non-medical masks in all indoor areas, including when they are with their learning groups. The only exceptions are when:*

- *sitting or standing at their seat or workstation in a classroom;*
- *there is a barrier in place; or*
- *they are eating or drinking.*

*For elementary students, wearing masks indoors remain a personal choice.*

*It is important to note, as advised by the province, these changes above do not apply to grade 6 and 7 students attending an elementary school.*

#### Changes to Physical Education and Music Classes

*High-intensity physical activities are to be held outside as much as possible. Shared equipment or items, such as weight machines, treadmills or musical instruments, can be used only if they are cleaned between use, according to strict school sanitization guidelines. Students using equipment or playing instruments should also be spaced at least two metres apart and masks are to be used when singing.*

### Calling parents and youth in BC!

#### COVID-19 and Youth Mental Health

Since COVID-19 was declared a pandemic, many public health responses have been implemented including social distancing measures and school closures.

**These measures may have an impact on the mental health of children and teens, and we need to adjust the type and amount of resources being offered our children.**

The MyHEARTSMAP team needs your help to measure how much and in what ways the changes in our lives during the pandemic have affected the social and psychological wellness of our children and youth.

Using the MyHEARTSMAP online psychosocial self-screening tool, children, youth, and (or) their parents, can learn about which aspects of their mental health may be of concern and might benefit from support resources, and where to find them in BC.

Learning about our children's needs will **help guide our provincial mental health resource planning.**

#### Who can participate in this study?

- Children and youth aged 10-17 in BC
- Parents with a child aged 6-17 in BC

#### What is involved?

- Answer questions about how COVID-19 has affected you
- Complete the MyHEARTSMAP Self-Screening Tool after enrolling, and again in 3 months

*If you are interested in learning more and participating, please visit our website at:*
