PRINCIPALS MESSAGE

Good afternoon students and families of Aldergrove Community Secondary School,

One of the highlights of this past week occurred on Wednesday when a wayward stormtrooper attempted to infiltrate our school on May the 4th! Fortunately, thanks to Ms. Caines and Mr. Orchard, we were able to defend the honour of ACSS!

PRINCIPALS MESSAGE

Another highlight of this week was the virtual presentation given to our Grade 11 & 12 students by noted ICBC Road Safety speaker, Kevin Brooks. Kevin delivers a powerful message regarding the importance of responsible and safe driving that is especially valuable to our young drivers.

PRINCIPALS MESSAGE

Next week will be the third week of the fourth quarter of this school year. Students and staff will continue to work hard on engaging teaching and learning activities. As we progress further into May and June, we hope to get more clear information from Fraser Health with respect to the types of gatherings that will be allowed for school year-end functions. We are especially hopeful that we will be able to have gatherings for Grad 2021 events. As it stands right now, we are very limited with what we can do, but we are hopeful, and we are planning events that will honour our graduates, both within the present Ministry of Health guidelines and in anticipation of a (hopefully) future easing of COVID-based restrictions.

Key upcoming May Dates:

Thursday, May 6 – ICBC virtual safe driving presentation by Kevin Brooks

Friday, May 21 – District Professional Development Day (students not in session)

Monday, May 24 – Victoria Day (school not in session)

Wednesday, May 26 – Parent-Teacher Interviews (1-hour early dismissal)

Thank you. Have a wonderful weekend, everyone. Hope you enjoy our newsletter!

Information About School Status During Inclement Weather

Snow closures and power outages are an annual occurrence in Langley School District. So, where do you go to get information about the status of schools during periods of inclement weather? If you are able to access the internet via computer or smartphone, current information about Langley schools can be accessed on all school websites or www.sd35.bc.ca. Updates are also posted to Twitter @LangleySchools and Facebook at www.facebook.com/langleyschooldistrict. If you don't have internet connectivity but your phone is working, call a relative or friend in an area that has not been affected by the storm and ask them to check the district website for you. Local radio stations are also informed of school status in Langley. Tune in to CKWX 1130AM, CKNW 980AM, Country Radio 107.1FM, Pulse 107.7 or CBC 690AM or 88.1FM for updates.

Please note that Langley District schools are all considered 'open' until a decision to close is required. Decisions on school closures are usually made by 6:30am. As always, it is a parent's decision whether to send their child to school based on safety and individual circumstances. If you feel it is unsafe for you or your child to travel to or attend an open school for any reason, please keep your child home and report an absence to the school.

Dear Parents/Guardians, Students and Staff:

Re: Information Bulletin

Our District continues to work through challenges imposed on us due to the COVID-19 pandemic. We recognize the provincial and regional landscape with respect to cases isn't improving as quickly as we all would like. But we are hopeful the vaccine roll-out will make an impact on our community.

Vaccine Roll-out for Staff

As you know, our K-12 educational staff have been provided the opportunity to get vaccinated in the Fraser Health Authority. We have heard reports from administrators, teachers, and staff who have expressed relief and a sense of optimism. We share these sentiments and are grateful to all staff for their patience and ongoing support with the vaccine roll-out process. It is important to note, staff vaccinations do not change the COVID-19 notification process in our schools or case and contact management by public health. Our schools will continue to follow health and safety procedures. The District continues to take direction from the Fraser Health Authority.

To date, our District has had 236 COVID-19 notifications in 39 of our schools since September. The month of April has been the most challenging thus far. As cases in our schools reflect what's happening in the community, we recognize the effects of the third wave in our province and region and are seeing this impact our school communities.

Graduation Celebrations

Under the current COVID-19 restrictions, large scale in-person graduation ceremonies, banquets and prom celebrations cannot go ahead this year due to the provincial ban on gatherings. These restrictions do not permit the same formats of graduation celebrations as last year. As a result, the District is working together with secondary schools to develop potential options but, will wait until after the May long weekend to make a decision on the formats of our graduation celebrations with the hope restrictions may change. We acknowledge this is disappointing for our graduates and their families. Secondary school administrators and staff will continue to look for creative ways to honour our grads this year. Our schools have learned many lessons from last year's grad festivities and have demonstrated repeatedly they are able to adapt. I'm confident our school communities will help make Grad 2021 meaningful and memorable.

Moving Forward

Transportation Registration for the 2021-2022 school year opens May 3. Our District has worked hard to improve communications and operations regarding bussing. All categories of riders currently in our transportation system will receive information outlining the registration process. To help in our planning, we ask families to register by June 18. The District cannot guarantee approval of ridership after this deadline. For more information visit our webpage [here](#).

Donna Gabriel Robins Elementary

The construction of Donna Gabriel Robins Elementary continues to progress since we last updated the community earlier in the school year. Most of the drywall inside the school and half of the flooring is in place. Windows are up and exterior siding is currently being installed. Work on the surrounding sidewalks and driveway is expected soon. The District is excited to see the school taking shape and looks forward to it opening for the Fall. A current view of the school is [here](#).

Outdoor Classroom Spaces

Many schools in our District are benefitting from new outdoor classrooms thanks to support from the federal government as part of its response to COVID-19. In addition to these open-air learning spaces, every elementary and middle school is receiving outdoor kits to enhance curriculum and increase student engagement. We welcome these new spaces as they align with our commitment to provide more learning opportunities outside during the pandemic and beyond. We are excited to see more students use these spaces as the weather gets warmer. To learn more read [here](#).

We want to thank our students, staff, and parents for your cooperation and support of our new projects and daily activities. The month of April has been tough for everyone. If we continue to work together, our hope is to get to positive trends as we move toward the summer.

Sincerely,

Gord Stewart
Superintendent of Schools

New Daily Health Check Form – Digital and Print Version

Thank you for continuing to conduct a daily health check with your child. It is an important measure to help keep our school community healthy and safe. To better assist families, the Ministry of Education has developed an online K to 12 Health Check which can be found here: <https://www.k12dailycheck.gov.bc.ca/healthcheck>

A mobile phone app version can also be downloaded, called K to 12 Health Checker.

Enhanced Safety Measures for K-12 Schools

The District appreciates all the hard work from students, staff, and families in helping keep our community safe. We continue to work closely with the Ministry of Education and Provincial Health Office. This week the province announced changes to COVID-19 health and safety guidelines for schools. Mask requirements for middle and secondary school students and K-12 staff have been amended. Guidelines have also been strengthened for physical education and music classes.

It is important to note, our schools will need some time to implement these new changes; all changes will be in effect as of February 26, 2021. Your continued patience and support are appreciated. If you have any questions, please contact the school.

Please read below and full details found in the province's news release located on the District website [here](#).

Changes to Mask Wearing

All middle and secondary students and K-12 staff will now be required to wear non-medical masks in all indoor areas, including when they are with their learning groups. The only exceptions are when:

- sitting or standing at their seat or workstation in a classroom;*
- there is a barrier in place; or*
- they are eating or drinking.*

For elementary students, wearing masks indoors remain a personal choice.

It is important to note, as advised by the province, these changes above do not apply to grade 6 and 7 students attending an elementary school.

Changes to Physical Education and Music Classes

High-intensity physical activities are to be held outside as much as possible. Shared equipment or items, such as weight machines, treadmills or musical instruments, can be used only if they are cleaned between use, according to strict school sanitization guidelines. Students using equipment or playing instruments should also be spaced at least two metres apart and masks are to be used when singing.

Calling parents and youth in BC!

COVID-19 and Youth Mental Health

Since COVID-19 was declared a pandemic, many public health responses have been implemented including social distancing measures and school closures.

These measures may have an impact on the mental health of children and teens, and we need to adjust the type and amount of resources being offered our children.

The MyHEARTSMAP team needs your help to measure how much and in what ways the changes in our lives during the pandemic have affected the social and psychological wellness of our children and youth.

Using the MyHEARTSMAP online psychosocial self-screening tool, children, youth, and (or) their parents, can learn about which aspects of their mental health may be of concern and might benefit from support resources, and where to find them in BC.

Learning about our children's needs will **help guide our provincial mental health resource planning.**

Who can participate in this study?

- Children and youth aged 10-17 in BC
- Parents with a child aged 6-17 in BC

What is involved?

- Answer questions about how COVID-19 has affected you
- Complete the MyHEARTSMAP Self-Screening Tool after enrolling, and again in 3 months

If you are interested in learning more and participating, please visit our website at:

EDUCATION
FOR A COMPLEX WORLD.

Are you considering a career in Interior Design? Join us at one of these info sessions to learn about the many options!

The Interior Design Department at BCIT offers an Interior Design Fundamentals **Certificate**, Kitchen and Bath Design **Associate Certificate** (NKBA Certified), Residential Interiors **Diploma**, Interior Design **Diploma**, and a CIDA accredited **Bachelor of Interior Design**. All Interior Design Programs start with the Interior Design Fundamentals Certificate (Year 1).

The Interior Design Fundamentals Certificate program is offered in both a part-time and full-time format. The **part-time** format allows students flexibility in the number of courses they take in any given term. All courses are offered in September, January and April, with limited offerings in the summer. Courses can be taken with classes in the day, in the evenings, or at weekends. The **full-time** format is a competitive entry process. Students have a reserved seat as they follow a fixed schedule of courses delivered during the day over three consecutive terms (eleven months), starting in September each year.

Application dates for the full-time format for September 2021 are from April 15th to May 17th, 2021 only.*

*For future years, please check the website for application dates.
