## PRINCIPAL'S MESSAGE

Dear ACSS students and families,

With one more week of school in 2021, we here at ACSS would like to wish all our students, families, and community members a warm and friendly final week before Christmas. We know and understand that the stresses of the winter holidays can be overwhelming at times, so we want to encourage all in our community to not only have a restful, peaceful final week at school but also to continue with this mindset into the final couple of weeks of December, and 2021. Get ready, 2022, here we come, rested and ready to go!

The all-star ACSS Student Council has been busy planning daily events for the final week of school. The grand finale will see a pancake breakfast on Friday! Also, we will gather all students for an afternoon assembly on Friday in the large gym, just to do some collective reflection.

Please find more information about these events, as well as other school happenings in this week's newsletter. Thank you for reading this week's newsletter. Have a wonderful weekend.

Mr. M. Palichuk  
Principal  
Aldergrove Community Secondary School

## PRINCIPAL'S MESSAGE

### The ACSS Action Plan for Learning

Goal: To continue honouring the Totem name by sharing the positive history of ourselves as Totems.

One of our school goals is to honour our Totem name and history through the telling and retelling of the story of Ellen Neel's gifting of her carved Totem to the school. On the Totem there are six animals (Beaver, Frog, Owl, Bear, Salmon, Thunderbird) that each represent strong character traits that we all aspire to attain. At ACSS, our Totem and the animals of our Totem, anchor our culture, provide direction for our school, and epitomize the values and attributes we want for our students and school community.

Mr. Fox, Mr. Bryce, and Mr. Robinson from the Aldergrove Rotary Club helping out, as they do every Thursday, preparing donations of food for the Starfish Backpack Program with Ms. Wight and our Hairstyling students.

NORTH ISLAND COLLEGE | Blended Delivery Model

## Motion Picture Crew Training

Three Program Options

Set Construction Micro-credential

Grip Micro-credential

Lighting Micro-credential

Learn from industry experts the theoretical and applied skills to pursue employment in the motion picture industry. The training programs prepare graduates for entry-level Crew Positions specific to **Set Construction, Lighting, or Grip**. Each of these three specific crews are instrumental in the preparation and shooting of any given film or television production. Students need to have a desire to work in a fast-paced, rewarding, and dynamic sector. Individuals who are creative, detail-focused, have a strong aptitude for working with their hands and on their feet, are self motivated and appreciate working with a team, are well suited to the sector.

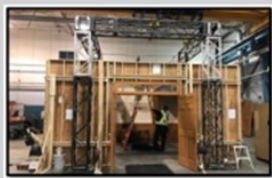

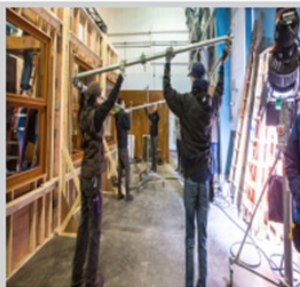

| **Training Dates: Jan 4 – Feb 25/22**

| **No-cost tuition/fees for eligible applicants**

— 'Tis the Season for Reading —

## GIVE THE GIFT OF READING TO ACSS

*Students at ACSS are accessing the library like never before!*

Since school returned this year, our library circulation statistics are up over 300%. Our students want to read for pleasure! Reading for pleasure helps reduce anxiety, increases empathy, improves relationships with others, reduces symptoms of depression, and helps students develop a worldly outlook.

Looking for a gift that keeps on giving? Consider choosing a book from the ACSS library's Amazon Wish List. Books on our wish list have been requested by students as something they'd love to read. Some have been requested by staff as engaging books they feel we need added to our catalogue.

All books on our Amazon Wish List directly support students as they seek out titles to self-select and read for pleasure.

Thank you for your support this season and always!

## GRAD 2022

Dear Sir/Madam, The Aldergrove Community Secondary School Dry Grad Committee is planning the Dry Grad event for the 2022 graduating class. Dry Grad events are held at many high schools throughout the province to provide a safe, substance free, chaperoned after-party for the graduating class.

The ACSS Dry Grad committee is comprised of parents who are charged with organizing safe transportation to and from the dinner/dance and planning the Dry Grad event. When students finish the dinner/dance, they will be transported to the Dry Grad venue for a safe, all night party complete with great music, food, entertainment, activities, prizes and more!

Our goal is to encourage all grads to attend this farewell party and to make this a fun, safe and memorable event. In order to make this year's event successful, we are seeking community support. Please consider whether your business/organization would be able to provide sponsorship, a cash donation or prize donations to use towards this special day. In return, the ACSS Dry Grad committee will ensure that your business/organization will be recognized as a sponsor/donor at the Dry Grad event and in the community.

We look forward to your support and thank you for your consideration. If you have any questions or would like to discuss this further, do not hesitate to contact parents of the ACSS Dry Grad committee via email [acssdrygrad2022@gmail.com](mailto:acssdrygrad2022@gmail.com)

Sincerely,

ACSS Dry Grad Committee

## **Fuel and Travel Restrictions Update**

The District is sharing an update with the community regarding the **announcement** made on November 22, 2021 outlining measures to support the province's fuel and travel restrictions. In alignment with

the province, the District will extend these measures until December 14, 2021. **The District is encouraging our students and families to walk, ride a bike, carpool, use transit or alternate modes of transportation in support of the province's efforts.** We appreciate your cooperation during these challenging times.

---

## **Student Safety Around Schools**

With the days growing shorter and the heavy rain, fog, and frost, we are sharing a reminder to all our students to take extra precaution when walking to and from school. Please be aware of your surroundings, walk with someone whenever possible, and avoid wearing headphones. We also ask drivers in our school community to be vigilant on our roads. We encourage families to speak with their children about what they can do to stay healthy and safe. Student safety is our priority. Thank you for your cooperation and support.

## Information About School Status During Inclement Weather

Snow closures and power outages are an annual occurrence in Langley School District. So, where do you go to get information about the status of schools during periods of inclement weather? If you are able to access the internet via computer or smartphone, current information about Langley schools can be accessed on all school websites or [www.sd35.bc.ca](http://www.sd35.bc.ca). Updates are also posted to Twitter @LangleySchools and Facebook at [www.facebook.com/langleyschooldistrict](https://www.facebook.com/langleyschooldistrict). If you don't have internet connectivity but your phone is working, call a relative or friend in an area that has not been affected by the storm and ask them to check the district website for you. Local radio stations are also informed of school status in Langley. Tune in to CKWX 1130AM, CKNW 980AM, Country Radio 107.1FM, Pulse 107.7 or CBC 690AM or 88.1FM for updates.

Please note that Langley District schools are all considered 'open' until a decision to close is required. Decisions on school closures are usually made by 6:30am. As always, it is a parent's decision whether to send their child to school based on safety and individual circumstances. If you feel it is unsafe for you or your child to travel to or attend an open school for any reason, please keep your child home and report an absence to the school.

## New Daily Health Check Form – Digital and Print Version

Thank you for continuing to conduct a daily health check with your child. It is an important measure to help keep our school community healthy and safe. To better assist families, the Ministry of Education has developed an online K to 12 Health Check which can be found here: <https://www.k12dailycheck.gov.bc.ca/healthcheck>

A mobile phone app version can also be downloaded, called K to 12 Health Checker.

Print versions are available in multiple languages on our District website [here](#).

### Fraser Health COVID-19 School Update – Immunization for 12-17 year olds

Health Canada has approved the use of the Pfizer vaccine for youth aged 12 to 17. British Columbia is expanding the COVID-19 Immunization Plan to include this age group.

Youth are excited to protect themselves and their families.

Children aged 12 to 17 can register to get vaccinated now by going to [www.gov.bc.ca/getvaccinated](http://www.gov.bc.ca/getvaccinated), calling 1-833-838-2323 or in person at any Service B.C. centre. Once child(ren) are registered in the provincial system they will be contacted at a later date via the method they indicated (either email or text) to book their vaccine appointment.

Household and group vaccination options are also available to make it easy for households to be immunized at the same time. Multiple young people in a household can attend one booked appointment and be vaccinated together. Young people accompanying adults to the adult's new vaccine appointment can register on site and do not need to be registered or booked in advance. Just let clinic staff know you have arrived.

Ensure all family members bring identification and ideally, their personal health card if they have one.

In the coming days, schools will receive an information package to be shared with families with key information such as how to prepare for and what to expect during your child's vaccine appointment.

More information can be found at [www.gov.bc.ca/getvaccinated](http://www.gov.bc.ca/getvaccinated) and at [www.fraserhealth.ca/vaccine](http://www.fraserhealth.ca/vaccine)

### COVID-19 Guidelines 2021-22 – Frequently Asked Questions

#### Why is there no mask mandate for students in K-3?

As announced by the province, masks for students in K-3 are no longer required. The District will be encouraging students in K-3 to wear a mask. Mask wearing for these students continues to be a family/caregiver choice. Masks are only one layer of protection. As per public health, the best way to protect everyone is for people who are eligible to get vaccinated.

As announced by the province, masks will continue to be required for all K-12 staff, students in grades 4-12, and visitors when indoors and on buses (with exceptions). See further information regarding bussing [here](#).

Masks are not required for students, staff, and visitors when outdoors.

#### Why is there no vaccine mandate for students and staff?

As announced by the province, students, staff, and visitors are not required to be vaccinated but it is strongly recommended. The District is encouraging all students, staff, and visitors to get vaccinated before the start of the school year. As advised by public health, vaccines are the best way to keep everyone healthy and safe, especially those in the community who are not eligible to get vaccinated.

Walk-in vaccination clinics are available for anyone over the age of 12 years old. For more information on vaccine clinics in Fraser Health, read here: <https://www.fraserhealth.ca/vax#.YSw77tNKibs>

#### Why is there no vaccine passport required for students and staff?

As announced by the province, students, staff, and visitors are not required to show proof of vaccination. As per the province, schools are controlled environments with comprehensive health and safety measures already in place and attendance of students, staff, and visitors is taken daily. Half of K-12 students are under 12 years old, not eligible for vaccines, and therefore, the vaccine passport would not be applicable.

A vaccine passport could be applicable, when and if schools host an event (like a concert open to parents/public). Schools will share additional information with the community where and when appropriate.

#### Why are there no cohorts and physical distancing required?

As announced by the province, cohort and physical distancing is no longer required. However, the District will be working with administration and school staff to develop creative ways to maximize space amongst students and staff in classes. Strategies may include using directional arrows and posters in hallways, spreading out desks and tables in a classroom, and encouraging everyone to respect others' personal space. Taking classes outdoors will continue to be encouraged.

#### Will the District improve ventilation in schools?

The District upgraded HVAC systems with MERV 13 filters in all sites including portables prior to last year school year. These upgrades meet and exceed provincial ventilation requirements.

## *Will students be able to take online courses online if they feel unsafe? Will there be the Transition Support Model in September?*

There continues to be a range of choices for students and their families in September. The District will not be offering the Transition Support Model for this school year. Students will be able to learn online through Distributed Learning programs offered at [U-Connect](#) (Elementary, Middle, Secondary) or [Langley Education Centre](#) (Secondary). Students also have the option of [homeschooling](#). If you have questions about options for your child, please connect with your school administrator.

## *If a student enrolls in a Distributed Learning program or chooses homeschooling, will they be able to save their spot at their catchment school or choice school?*

Due to significant increases in student enrolment K-12 in the Langley School District, if a student chooses to enroll in a Distributed Learning program or is homeschooled, the school will not be able to save a student's space at their catchment school or choice school. In the event a student leaves for the school year, they will have to re-enroll for their catchment or choice school and follow regular procedures regarding registration and timeline. If you have questions, please connect with your school administrator.

## *Why can't the District implement its own guidelines?*

The District takes direction from the Ministry of Education and the Provincial Health Office regarding public health matters. The District also follows regional and local health and safety measures developed by the Fraser Health Authority. Changes to any health and safety guidelines can only come from public health authorities. The District defers to health authorities on decision making as they base their advice on science and data collected by public health. The District trusts health experts and their work to help keep our students, staff, and community safe.

## *Why are the guidelines in schools different from other community settings (e.g., restaurants, stores, recreation centers)?*

The District takes direction from the Ministry of Education and the Provincial Health Office. As per the province, all schools follow the health and safety outlines in the [BCCDC's Public Communicable Disease Guidance for K-12 Schools](#). Other sites within the Langley School District (non-education sites such as the school board office) follow WorkSafeBC guidelines which are different from school settings. Other community settings will have health and safety measures in place implemented by the province and/or regional/local authority.

## *Isn't the District concerned about COVID-19 exposures in schools due to increasing case counts/Delta Variant?*

The District shares the community's concern over COVID-19 cases. The District acknowledges that as long as there is COVID-19 in the community, there will be exposures in schools. The District understands the more eligible people are immunized; the less likely school exposures may lead to transmission. The District is confident the COVID-19 measures in place for the school year will help in protecting the health and safety of students, staff, and community members.
