Student Care and Support

Inspiring Teaching Staff & Coordinators

In order to succeed academically, students must be happy and well supported. Teachers and dedicated International Student Program (ISP) Coordinators in each secondary school work closely with students to make sure their academic, social and emotional needs are addressed. Regular communication between teachers, students, coordinators and homestay families allows us to address concerns quickly. Parents are welcome to contact ISP Coordinators directly for progress updates.

Homestay

Learning for a Lifetime, Lasting Friendship

We have been operating our own homestay department since the beginning of the International Student Program in 1989. Over the years we have gained considerable experience and expertise. Parents of international students can be assured that we work 24 hours a day to ensure student safety and comfort. Our Homestay Team carefully screens and selects homes where students are welcomed and included as one of the family. In the Homestay Family, students can comfortably and confidently improve their English and experience Canadian culture.

All our Homestay homes include:

- A private room with a bed, desk and lamp, and a dresser.
- 3 substantial meals a day and snacks.
- Students often live within walking distance of their schools, or host families provide transportation to and from school.

Getting the World, Welcoming New Relations

"Homestay family is pretty cool... Really friendly, we are like a normal family, it really works... We have a lot of good times together, we hang out often. We spend whole weekends together... We visit Vancouver, that is really cool." - Adam Ruzicka

"...I love this school because I have met a lot of new friends... You can really learn a lot from this teacher, she is very patient and has a sense of humour... I like staying in Langley because it is a small city. It's a quiet place where you can focus on your studies and you can really think about and reflect..." - Jeff Chen Chongyu
