Personal Digital Devices in School

This is a friendly reminder for all students and families around the use of personal devices in school. Student devices (e.g. cellphones, and smartwatches) will be collected by the classroom teacher and placed in safe keeping in the classroom upon school entry, and it is not to be used until the bell at the end of the day. Electronic devices will not be used during recess and lunch unless otherwise permitted by their teacher.

Electronic devices are to only be used with permission by the teacher and under teacher supervision during the school day. These guidelines are in alignment with the District and Province with the intention of ensuring a healthy, safe, and positive learning environment for our students. It is important to have conversations with your child about when it is okay to use personal electronic devices at school and at home and how to use them safely. For more information about these guidelines please reach out to me at the school or read more [here](#).

Lost & Found

As the weather warms during the day, we are finding many sweaters and coats outside after play time. Please check the lost & found to claim your items before the end of the school year.

Breakfast Club & Morning Supervision

Breakfast Club starts at 8:15 a.m. Students are welcome to grab their breakfast and then head back outside.

Please be reminded that outdoor supervision happens from 8:30 a.m. to 8:45 a.m. and 2:30 P.M. to 2:45 P.M., students should not be left unattended before or after these times.

Thank you so much for helping keep our drop off and pick up times safe and running smoothly!

Cutlery

Please remember to send a spoon or fork if your child needs one for their lunch or snack. We no longer have them at the office.

Electric Kick Scooters - Important Reminder

As more students use electric kick scooters to come to school, and the weather improves into the Spring, the District would like to inform schools on some basic safety.

1. What is an electric kick scooter? Electric kick scooters have a simple design and are very much the same scooters that children have used for decades... they require the rider to stand on a narrow platform with one foot and then kick or push off with the other. The difference now is that these kick scooters are electric, they no longer need the rider to push off, and they go at much faster speeds.
2. In BC, you must be at least 16 years of age and be wearing a helmet to operate an Electric kick scooter, within certain parameters, as per below and in the links.
3. Electric kick scooters cannot be ridden on public roads, except if the municipality is conducting a pilot. The Township is in the pilot, but the City is not. For more information, please click on the link:
<https://www2.gov.bc.ca/gov/content/transportation/driving-and-cycling/cycling/personal-mobility-devices/scooter>
4. Operators cannot ride an electric kick scooter on sidewalks or in crosswalks, except if a sign or traffic control device allows.
5. Please refer to the link below for a full list of safety rules for operators.
