Langley Education Centre resides on the traditional and unceded territories of the Matsqui (5xwáiceýa?t), Kwantlen 5xwowa:nXana?t), Katzie (swáicaýa?4) and Semiahmoo (Pi?samyama?† masteyaxw) First Nations.

SCHOOL VISION/MISSION:

The Langley Education Centre serves a diverse community of learners through Continuing Education, Langley Online Learning, Literacy Foundations, Adult Graduation Programs, and CHOICES Alternative Education. We are committed to meeting learners where they are by providing personalized, relationship-based, and equitable learning opportunities that foster growth, belonging, self-determination, and lifelong learning. Through strong partnerships with learners, families, staff, Indigenous communities, and community agencies, we support meaningful pathways to graduation, employment, post-secondary education, and personal success.

SCHOOL GOALS:

INTELLECTUAL DEVELOPMENT:
To improve learner success across all Langley Education Centre programs by increasing engagement, literacy development, and course completion through responsive instructional practices and targeted supports.

HUMAN & SOCIAL DEVELOPMENT:
To strengthen student engagement, connection, and well-being through compassionate, trauma-informed practices that promote belonging and inclusion.

CAREER DEVELOPMENT:
To increase successful transitions to graduation, employment, post-secondary education, apprenticeships, training programs, and lifelong learning opportunities through individualized planning, responsive supports, and authentic career development opportunities.

UNIFIED ACTIONS:

PROFESSIONAL LEARNING

Staff will strengthen their capacity to support the diverse learners at the Langley Education Centre through ongoing collaboration, inquiry, and professional learning. This work will focus on inclusive instructional practices grounded in Universal Design for Learning, trauma-informed and relationship-based approaches, literacy and numeracy interventions, Indigenous perspectives and cultural responsiveness, effective assessment practices, and strategies that increase learner engagement, support successful transitions, and promote meaningful educational and career pathways.

LEARNER SUCCESS

The Langley Education Centre will use a proactive and responsive approach to support learner success by monitoring engagement, attendance, and course progress, while providing timely interventions for learners who may be at risk of disengagement or non-completion. Through individualized learning and graduation plans, targeted literacy and numeracy supports, and a continued focus on Indigenous learners, Children and Youth in Care, and learners with diverse abilities, we will work to ensure all learners have equitable opportunities to achieve their educational goals.

COLLABORATION & COMMUNITY

We believe learner success is strengthened through meaningful relationships and strong partnerships. By elevating student voice and learner agency, collaborating with families, Indigenous partners, community agencies, and post-secondary institutions, and providing wraparound supports, we will create pathways that connect learners to employment, training, education, and community opportunities. We will also celebrate learner success through the many unique pathways and achievements represented throughout the Langley Education Centre.

DATA-INFORMED DECISION MAKING

Our work will be guided by evidence and ongoing reflection. We will monitor course completion, graduation progress, learner engagement, attendance, student voice, literacy and numeracy achievement, and post-secondary, employment, and training outcomes to evaluate the effectiveness of our efforts. Particular attention will be given to the success of priority learners to ensure resources, interventions, and supports are responsive to identified needs and contribute to improved outcomes for all students.

RESOURCES TO SUPPORT OUR WORK:

KEY RESOURCES & ANCHOR DOCUMENTS

- Curriculum.gov.bc.ca
- First Peoples Principles of Learning
- Framework for Enhancing Student Learning
- PEACEful Schools

- Trauma Informed Practice
- Ensouling our Schools
- Universal Design for Learning
- Provincial Literacy & Numeracy Assessments
- Tell Them From Me Survey
- Student Learning Survey
- AEP & IEP Support Documents
- Formal Learning Updates
- Open Parachute

ADDITIONAL INFO:

The Langley Education Centre serves more than 1,500 learners annually through Continuing Education, Adult Graduation, Literacy Foundations, Langley Online Learning, and CHOICES Alternative Education. Our learners represent a wide range of ages, backgrounds, experiences, and educational goals, with many balancing employment, family responsibilities, interrupted schooling, or other significant life challenges. Through flexible pathways, personalized supports, strong community partnerships, and a commitment to belonging and inclusion, LEC helps learners build the skills, confidence, and opportunities needed to achieve meaningful educational, career, and lifelong learning goals.

CREATING INCLUSIVE & COMPASSIONATE ACADEMIC AND SOCIAL-EMOTIONAL LEARNING COMMUNITIES THAT PROVIDE ACCESS FOR EVERY LEARNER.
