

LANGLEY FINE ARTS BULLETIN – APRIL 10TH, 2026 EDITION

Dear LFAS Families,

What an exciting and positive week it has been at Langley Fine Arts School! With sunny spring weather setting the tone, our school has been buzzing with energy and enthusiasm! Our "Spring Fling Dance", organized by Student Council, was a tremendous success and a wonderful celebration of school spirit. Mostly ... it was really fun!

Students also enjoyed an enriching field trip to UBC and the Museum of Anthropology, organized by Ms. Helps and the Aboriginal Department. Track and field season is now underway, with many students stepping onto the track and field to represent LFAS! Finally, a number of our students are participating in the Tech Famine tonight - thanks to Ms. Mantei and the team for organizing this fun, important, and community building event.

We are incredibly proud of Addie, who became the first LFAS student ever nominated for the Pete Swensson Award and went on to win this prestigious honour for excellence in athletics, academics, and leadership.

It truly has been an exciting and positive week at LFAS.

Have a great weekend
Mr. Moore

ELECTRIC KICK SCOOTERS - IMPORTANT REMINDER

As more students use electric kick scooters to come to school, and the weather improves into the Spring, the District would like to inform schools on some basic safety.

1. What is an electric kick scooter? Electric kick scooters have a simple design and are very much the same scooters that children have used for decades. They require the rider to stand on a narrow platform with one foot and then kick or push off with the other. The difference now is that these kick scooters are electric, they no longer need the rider to push off, and they go at much faster speeds.
2. In BC, you must be at least 16 years of age and be wearing a helmet to operate an Electric kick scooter, within certain parameters, as per below and in the links.
3. Electric kick scooters cannot be ridden on public roads, except if the municipality is conducting a pilot. The Township is in the pilot, but the City is not. For more information, please click on the link: <https://www2.gov.bc.ca/gov/content/transportation/driving-and-cycling/cycling/personal-mobility-devices/scooter>
4. Operators cannot ride an electric kick scooter on sidewalks or in crosswalks, except if a sign or traffic control device allows.
5. Please refer to the link below for a full list of safety rules for operators.

START BROWSING

Throughout the year we have collected student and staff recommendations for the library. Rather than a traditional fundraiser, we would like to offer families a convenient and easy way of supporting the school library. We have compiled student and teacher book requests into a convenient one stop shop for families wishing to support the school library. Using an Amazon Wishlist allows busy families to contribute through just a few clicks. Any items you purchase will be directly shipped to the school.

If you would like us to place a sticker inside the book cover acknowledging your donation, before you place your order, please click "Add Gift Options" and share your family name in the comment field (e.g. "Donated by the Smith family.").

Please note, families are very welcome to purchase a book off the list from a local bookstore and drop it off at the library as well.
