

## **LANGLEY FINE ARTS BULLETIN – MAY 8<sup>th</sup>, 2026 EDITION**

Dear LFAS Families,

It has been a truly special and meaningful week at Langley Fine Arts School, filled with celebration, creativity, learning, and reflection.

Today, we had the pleasure of welcoming our newest members of the LFAS community during Welcome to Kindergarten Day. It was wonderful to meet our incoming students and their families, and to begin building the connections that make our school such a supportive and vibrant place to learn.

On Thursday evening, we celebrated our Visual Arts Graduation, and what a moving event it was. The evening honoured the talent, dedication, and growth of our graduating students, and paid tribute to the incredible work of both students and their teachers. The Grad Exhibition is truly breathtaking - featuring an impressive collection of stunning and thought-provoking works that showcase the depth of artistic skill in our community.

Our K-5 Math Celebration Week also came to an exciting conclusion with a dynamic math festival that transformed our library into a hub of curiosity and problem-solving. It was inspiring to see our K-7 students so highly engaged, collaborating and challenging themselves through a wide variety of math games and activities. The enthusiasm and joy for learning on display were wonderful to witness.

Finally, we want to acknowledge a few particularly reflective and important learning activities that took place this week. We were deeply moved by the students who attended the Missing and Murdered Indigenous Women and Girls Memorial at Douglas Park on Tuesday. In addition, Red Dresses were displayed throughout our school as a powerful visual reminder to honour and acknowledge those affected. We extend our sincere thanks to Ms. Helps for her thoughtful work and leadership in organizing these meaningful opportunities for awareness and learning.

Thank you to our students, staff, and families for contributing to such a rich and impactful week.

Have a great weekend!

Adam Moore

## **Youth Vaping Information (from Fraser Health)**

*Health, safety, and wellness continue to be a priority in our schools. To help support our students and families, we are sharing important information from our community partner Fraser Health about youth vaping for school-aged children and youth. Please see below for helpful guidelines and resources to support your child.*

***Vaping is popular among youth. Daily or near-daily use can increase the risk of mental and physical health harm.***

*In 2023, 26 per cent of youth in grades seven through 12 in British Columbia reported having vaped. The most common age that B.C. youth first tried vaping was 13.*

### ***How to support youth to prevent, delay or reduce vaping***

*It is important to be supportive and recognize that setbacks may happen. You can help by being a positive role model and offering guidance in the following ways:*

- *Have open conversations about vaping. Listen to your child's beliefs and offer accurate information to help them understand the risks involved.*
- *Practice refusal skills with your child by discussing ways they can say no to vaping, especially in situations that feel uncomfortable to them.*
- *Be honest about your own use of tobacco, cannabis or vaping products. Share any health impacts or challenges you've experienced.*
- *If you vape, avoid vaping around children to limit their exposure to second-hand vapour. Consider quitting or reducing vaping to improve your own health. For help, contact [Quit Now](#), a provincially funded nicotine cessation program.*
- *Store vapour products securely and out of reach of children and youth.*
- *[Tip sheet for parents: Talking with your teen about vaping](#)*

*Learn more about vaping products [here](#).*

*For more information about child and youth substance use, including services, programs and resources available for children and youth, visit [Fraser Health's website](#).*

# LFAS Library April 2026 Fundraiser

*Give the gift of reading!*

Throughout the year we have collected student and staff recommendations for the library. Rather than a traditional fundraiser, we would like to offer families a convenient and easy way of supporting the school library. We have compiled student book requests into a convenient one stop shop for families wishing to support the school library. Using an Amazon Wishlist allows busy families to contribute through just a few clicks. Any items you purchase will be directly shipped to the school.

**If you would like to donate a book to the LFAS library, please:**

1. Scan the QR code or [click here](#) and sign into your Amazon account. None of your personal information will be shared.
2. Select any book(s) from the wish list, check out, and purchase. Books will be shipped directly to LFAS.

Scan to donate a book.

**Donation Acknowledgment Option:** If you would like us to place a sticker inside the book cover acknowledging your donation, before you place your order, please click “Add Gift Options” and share your family name in the comment field (e.g. “Donated by the Smith family.”).

*Please note, families are very welcome to purchase a book off the list from a local bookstore and drop it off at the library as well.*

## Thank You for the Donations!

Thank you so very much to the families for these amazing books! We have them processed and ready for check out in the library! The students are so excited and grateful!

Dear Parents/Guardians:

The District looks forward to welcoming new families to our schools; staff are excited to connect and build relationships with students and their parents/guardians.

### SchoolMessenger

The District prioritizes health and safety and is committed to sending accurate and timely communication to families. The District uses a notification system called SchoolMessenger which is a one-way communication system from the District and administrators to provide families with school information and urgent messages during emergencies. Throughout the school year messages are sent by email and/or text message.

The system is set-up to send a message to new families to offer them the option to opt-in to the text messaging service. You may get a text message that says:

"Langley School District messages. Reply Y to confirm, HELP 4 info. Msg & data rates may apply. Msg freq varies. schoolmessenger.com/smsca"

If you would like to read more about the system before opting-in, we have shared some information on the District website [here](#).

### SchoolCash Online

The District utilizes a secure and convenient platform to collect school fees called SchoolCash Online.

The system is set-up to send a registration invitation email to new families. You can follow the link in the email to finish setting up your SchoolCash Online account.

If you do not receive a SchoolCash Online registration email you can register for an account in September. You can learn more about the system on the District website [here](#).

We look forward to working with you and your student.

Sincerely,

Mal Gill  
Superintendent of Schools

## CANADA'S STUDENT PHOTOGRAPHY CONTEST

THE BONDAR  
CHALLENGE

X

edge  
imaging

X

ecoschools  
écoécoles  
CANADA

What happens when students slow down, look closer, and see the world through a new lens?

They discover science. They find creativity. They connect with nature!

That's the heart of the **Bondar Challenge** - a national photography challenge for students aged 6-18, hosted by **EcoSchools Canada** and proudly supported by **Edge Imaging**.

*\*Photos taken by a previous Bondar Challenge winner.*

### Why Students Should Participate

- Explore the outdoors and capture real-world science in action
- Build creativity, observation skills, and environmental awareness
- Combine art & science in a meaningful, hands-on way
- Share their perspective - and be recognized for it!

### Why It's Great for Schools

- Engages students across grades and subject by bringing learning to life
- Supports environmental learning by connecting classroom concepts to real-world action and student-led impact.
- Easy to integrate into classrooms or clubs
- Counts toward EcoSchools certification points

### What's at Stake?

- National recognition
- Exciting prizes for students that support exploration and discovery
- Classroom and school awards
- Supports environmental learning by connecting classroom concepts to real-world action and student-led impact.
