It is the last day of classes before spring break, as you know. Yesterday, all students and families received an information bulletin from Superintendent of Schools, Mal Gill. In it, Mr. Gill noted:

COVID-19 Update

As you may be aware, today (Thursday) the province made an announcement regarding the lifting of COVID-19 restrictions. After Spring Break, mask wearing will no longer be required in K-12 schools, however, individuals may choose to continue wearing masks. In addition, the Ministry of Education has shared updated K-12 health and safety guidelines which will be in effect after Spring Break.

While we are excited that mandates are lifting as it seems to indicate the nearing of the end of the pandemic. It has been a challenging two years for all of us. We have certainly learned more about the importance of healthy and safe living, and we will continue to encourage all in our school to lead healthy and safe lives. Thank you for your understanding during the numerous changes that we have implemented in our school during this time.

PRINCIPAL'S MESSAGE

Also noted by Mr. Gill in the bulletin yesterday:

Student Learning Survey

To support education for all students, the Ministry is asking families of students in grades 4, 7, 10, and 12 to participate in an online survey about their child's education. Thank you to families who are taking part. Our District supports any engagement with our community that will help plan for a better future in education for our students.

To access the survey for ACSS please use this link (in the Parent section you can logon anonymously): <https://www.awinfosys.com/SurveyFull1/central/main/access.asp>

Wishing everyone in our community a wonderful weekend and a safe and healthy spring break. Please remember to spring your clocks forward early Sunday morning.

Thank you for reading this week's newsletter. See you back in school Monday, March 28!

Mr. M. Palichuk

Dear Parents/Guardians,

The **Student Learning Survey** has been administered every year in BC public schools since 2001. It is completed by all students in Grades 4, 7, 10, and 12 as well as staff, parents, and administrators. The information gathered from this survey is used by the school to improve the learning environment and experience for students.

This survey is voluntary and anonymous. Your response is encouraged, not required. Please do not name specific people or share any personal information about yourself. If any personal or identifying information about yourself or others is included it will be deleted before results are processed and stored. Data will be stored in Canada and accessible only within Canada.

We sincerely appreciate your input and thank-you in advance for your participation.

You can access the survey through the link below. You do not need a logon #, just use the direct access and select District #35 Langley.

GRAD 2022 NEWSLETTER

Friday, March 11 2022

Grad news provided by Ms. Caines - for any questions, please email kcaines@sd35.bc.ca or call 604-856-2521 ext 244

Grad Cruise is ON!

Grad Cruise is ON!! We have scheduled Harbour Cruises for April 7th. The grad cruise fee of \$85 has been added to School Cash Online. All students planning on attending Grad Cruise must have this paid online by April 1, 2022. Guests of grads (ACSS grade 11 students are the only guests permitted) must also pay the fee of \$85, however this will not be due until the guest has been approved by the administration after Spring Break. Fees can be added to the guests' School Cash Online account OR on the graduate's account upon approval. Permission forms will need to be signed by parents/guardians and returned to Ms. Caines by March 11th (date extended). This is the last Friday prior to Spring Break so don't forget! Unfortunately due to circumstances beyond our control, we are unable to have guests from outside of ACSS attend grad cruise.

Dinner of beef lasagna, Caesar salad, garlic bread, and a selection of desserts will be available to all guests as will unlimited soft drinks. If you have dietary restrictions (vegetarian, vegan, gluten free, dairy free), please let Ms. Caines know as soon as possible to allow for catering to accommodate your dietary requirements. There will be music, dancing, and it's guaranteed to be 3-hours worth of fun! Don't miss out!

Grad Walk

Grad walk is tentatively scheduled for June 20th after grad ceremony rehearsal. Students are bussed to each site in their grad regalia and then walk the halls of Parkside, Shortreed, Betty Gilbert, and finally ACSS and receive applause from former teachers, younger siblings, and their peers. Students are bused to each site in their grad regalia. Previous grads attending Grad Walk have described it as being "the most memorable moment of my life" and there are always a lot of tears!

Grad Ceremonies

Grad ceremonies are scheduled for Monday, June 20th at Christian Life Assembly (where many grad ceremonies for the Langley School District occur) next to Langley Secondary School and the Langley Airport. Our hope is that we can resume regular in-person grad ceremonies, our last full school-wide ceremony at CLA took place in June 2019. It seems so long ago! Barring a large-scale in-person ceremony, our backup plan is to host the ceremonies in the school gym on the same date, as we have for the

previous two Covid graduation years. Whether we have the ceremonies at CLA or at the ACSS gym, the event will be a memorable occasion and will be filmed for anyone unable to attend in person.

Strawberry Tea & Grad Banquet/Prom

Strawberry Tea and Grad Banquet/Prom is tentatively scheduled for June 23rd at Clarion Hotel in Abbotsford. Strawberry Tea takes place in the afternoon of Banquet, prior to grads boarding the coaches to take them to the banquet facilities. Grads, their dates, and their families join us in the school gym for a short reception where everyone is served strawberry shortcake, iced tea, or coffee, and a group photo in the courtyard is taken. As we near the date of Strawberry Tea/Prom, we will have further information for you.

Dry Grad

Unfortunately due to Castle Fun Park being closed, our Dry Grad Committee has been unable to source a safe and cost-effective location for Dry Grad activities and thus has disbanded. If you or anyone you know has an idea of where our grads can safely celebrate their post-prom activities on Thursday, June 23, please let Ms. Caines know. We hope to keep our grads as safe as possible post prom, as we know this tends to be a weekend filled with celebrations.

Daily Health Check and What to Do When Sick

As the province continues to update its online K-12 Health Checker, the Ministry of Education is sharing a new document with the school community to help guide families and keep everyone healthy and safe. Please review the **Daily Health Check and What to Do When Sick** guide as needed [here](#). You will notice an update on symptoms and protocols to help manage illness. Families are encouraged to continue using the Thrive **BC COVID-19 Assessment Tool** only to check symptoms and determine if you need a COVID-19 test.

Reporting School Absences

The school appreciates the work of families in following our processes when it comes to reporting student absences. As per Ministry guidelines, students and their families are being asked to indicate if the reason for the absence is due to illness. As per Ministry guidance, students do not need to disclose if their absence is specific to COVID-19; however, those who test positive for COVID-19 should be diligent in ensuring their school is aware their absence is illness-related. Providing us with accurate information regarding the reason your child is away, is extremely critical in helping keep our school community safe. This data will help our school, the District, and Fraser Health work together to assess and make decisions about closures which could impact operations and student learning. The attendance information families provide remains confidential, will not be shared, and is only used for reporting and planning purposes. If you have any questions about reporting absences, please feel free to contact the school.

School COVID Measures

As we continue to ensure that we are all safe and healthy while at school, we ask that you:

- Sanitize your hands whenever you enter or re-enter the building.
- Try to maintain physical distancing in classrooms.
- Do not hang out in the hallways during transitions between classes.
- Wash your hands frequently.

What has been re-instated or changed?

* Students may continue to eat lunch in a classroom, in the hallways (as long as they are sitting and physically distanced) as well as outside.

Please do your very best to abide by the COVID-19 protocols that are structured for schools to keep you and every one healthy and safe.

COVID Procedures for Managing Illness

To help students, staff, and families in the weeks ahead, the District is sharing a document outlining information and public health guidance regarding COVID Procedures for Managing Illness. Please see attached.

SD35 (LANGLEY)

COVID-19 Procedures for Managing Illness

January 11, 2022

As shared with the community in the District's Continuity of Learning Plan, Fraser Health's process for contact tracing, case management, and exposure notifications is changing. The former processes that have been in place previously will not continue. This resource will help guide students, staff, and families on public health procedures related to COVID-19. It is important to note, these guidelines/procedures may change.

1. I am a student or staff who is sick and was at school on a given day. What should I do?

Stay at home until your symptoms are gone. Seek medical attention if needed. Use the [BC COVID-19 Self-Assessment Tool](#) to determine guidance and recommendations for testing.

If you have any concerns, feel very sick, or your symptoms are not improving, contact your family doctor/nurse practitioner or call 8-1-1.

Students/staff should report their absence at school/work to their administrator. As per Ministry guidance, students and staff do not need to disclose if their absence is specific to COVID-19; however, those who test positive for COVID-19 should be diligent in ensuring their school is aware their absence is illness-related.

2. I am a student or staff who tested positive for COVID-19 either through a rapid test or PCR test. What should I do?

Individuals who test positive for COVID-19 should follow advice from the BC Centre for Disease Control, found [here](#). Please note, guidance and recommendations vary depending on an individual's vaccination status.

As per the BCCDC, if you test positive for COVID-19, you need to do the following:

- ▶ [Complete an online form to report your test result](#)
- ▶ [Self-isolate and manage your symptoms](#)
- ▶ [Let your close contacts know](#)

Students/staff should report their absence at school/work to their administrator. As per Ministry guidance, students and staff do not need to disclose if their absence is specific to COVID-19; however, those who test positive for COVID-19 should be diligent in ensuring their school is aware their absence is illness-related.

3. Why is there no contact tracing or exposure notifications in K-12 schools?

The Omicron variant spreads rapidly and, as such, contact tracing is a less effective measure in the timely management of COVID-19. Public Health is no longer able to contact everyone who tests positive.

As Public Health is not contacting every person who tests positive, school exposures will not be issued by Public Health for individual cases. In the event of a declared outbreak, Public Health will issue a public notification.

Public Health will continue to work with schools if, for example, there is a significant increase in absenteeism that is atypical for the time of year and actions are to be taken, such as notification to the parents and guardians of the affected grade or school community.

Information About School Status During Inclement Weather

Snow closures and power outages are an annual

occurrence in Langley School District. So, where do you go to get information about the status of schools during periods of inclement weather? If you are able to access the internet via computer or smartphone, current information about Langley schools can be accessed on all school websites or www.sd35.bc.ca. Updates are also posted to Twitter @LangleySchools and Facebook at www.facebook.com/langleyschooldistrict. If you don't have internet connectivity but your phone is working, call a relative or friend in an area that has not been affected by the storm and ask them to check the district website for you. Local radio stations are also informed of school status in Langley. Tune in to CKWX 1130AM, CKNW 980AM, Country Radio 107.1FM, Pulse 107.7 or CBC 690AM or 88.1FM for updates.

Please note that Langley District schools are all considered 'open' until a decision to close is required. Decisions on school closures are usually made by 6:30am. As always, it is a parent's decision whether to send their child to school based on safety and individual circumstances. If you feel it is unsafe for you or your child to travel to or attend an open school for any reason, please keep your child home and report an absence to the school.
