This term, we focused our learning around the question of "What is the impact of immigration?". Our studies began with students researching their own family stories about how they came to be living where they are. We mapped the world locations our class members have connections to, read books, went on field trips, and interviewed elders all in order to deepen our thinking around both the positive and negative impacts of immigration.

(Personalized Comment):

- A was an emotive and thoughtful discussion contributor and shared a passion for increasing Canada's current immigration limits. A's response to our inquiry showed great empathy and a deep understanding of this complex real-world dilemma.
