UNIFIED LEARNING COMMUNITY*

THE STRATEGIC PLAN

The Board of Education thanks rights holders, community members, partner groups and management staff who have contributed insights into the ongoing work of the Strategic Plan which is established on the fundamental principles of providing:

- Caring, safe and welcoming schools,
- Educational opportunities to improve student success,
- Proactive planning for maintaining healthy and sustainable schools, and
- Responsible stewardship of resources.

Please visit the 'District News' page at sd35.bc.ca for current examples of work being done in support of the District's Strategic Plan goals.

DISTRICT CONTEXT

The Langley School District is situated on the traditional, ancestral, unceded territories of the Matsqui, Kwantlen, Katzie, and Semiahmoo First Nations. It is comprised of the City of Langley and the Township of Langley and is located in the central Fraser Valley, 40 kilometres east of Vancouver.

The 2021 census indicates that Langley has a population of just under 162,000 people and above average individual and family incomes. Bordered on the north by the Fraser River and by the Canada/US border to the south, the District serves 27,300 students in 46 school sites. Langley neighbours Surrey and Abbotsford, to the west and east respectively, and operates on an annual budget of \$429.6 million.

VISION

“An Innovative, Inspiring and Unified Learning Community” where we work to create compassionate and inclusive social and academic learning opportunities that provide access for every learner. The Langley School District is committed to ensuring all learners have equitable access for transition through the collective work outlined in this Strategic Plan.

GUIDING PRINCIPLES WITHIN ENSOULING OUR SCHOOLS

The District believes that by meeting the social and emotional needs of its students, by building student-supportive systems and structures, and by focusing on effective, research-based instructional and assessment practices (the three-block model below), we will accomplish the goal of “Creating compassionate and inclusive social and academic learning communities that provide access for every learner.”

ENSOULING OUR SCHOOLS

SOCIAL & EMOTIONAL LEARNING

Creating Compassionate Classroom Communities

náčəʔmat & ya:ýəstəl: The District is guided by the two principles of náčəʔmat (one heart, one mind) and ya:ýəstəl (working together). The District has the single unified focus of “Creating Compassionate and Inclusive social and academic learning communities that provide access for every learner” (náčəʔmat) that can only be achieved through working together (ya:ýəstəl). The District is committed to working together with First Nations rights holders and Indigenous partners at the ya:ýəstəl table (Indigenous Education Council) to achieve lasting and meaningful reconciliation.

From the provincial level, there are a number of agreements (i.e., UNDRIP, TRC 94 Calls to Action, BCTEA, etc.) that provide structures and processes to build relationships and guide the work of the District on the journey of Truth and Reconciliation. Our work is guided and supported at the District level by the Aboriginal Education Enhancement Agreement (AEEA), which provides the goals and direction for ensuring success for all Aboriginal learners.

AEEA Goal 1: Aboriginal students will experience a strong sense of belonging and connection to their school community.

AEEA Goal 2: Aboriginal students will experience increased success as all District staff, Aboriginal families and community members work together through a wrap-around approach that is strength-based, student-centered and respects Aboriginal history and culture.

Every Child Matters: The District believes that every child deserves to feel a sense of belonging and safety in our schools, with the ability to find their own success. District staff are committed to ensuring the goal, as stated by Kevin Lamoureux, that “our schools can be places of healing where our children know to hold their head up high with pride and dignity...places where our children know they are loved unconditionally” comes to fruition.

Equity for All Learners: Equity means fair, not equal. This lens means that different learners come from different starting places, with different contexts and supports. The District recognizes these truths and works to allocate resources to meet the unique needs of every student, and ensure access to opportunities to reach their full potential.

Continuous Improvement: The District believes that to inspire every student to reach their full potential, every employee of the Langley School District must continuously learn to allow the system to be responsive to the ever-changing needs of its students.
