What

An elective course that students complete outside of school hours at an employer's place of business. Students work, volunteer or job shadow in an entry-level capacity. WAVE students will earn credits and gain experience in the industry of their choice.

Student Benefits

- Complete up to two courses outside of school in an area of interest
- Gain work or volunteer experience in almost any industry/occupation
- Work with a new employer or continue where the student is already working/volunteering
- Have a smoother transition from school to work

Continued...

... Student Benefits Continued

- Complete WAVE on weekends, evenings, school holidays and breaks
- Learn job search strategies with the support of a WAVE teacher and Career Advisor

"My oral communication improved because I had to communicate with the doctor and the customers a lot in order to get and transfer information."

Former WAVE student who
volunteered at a veterinary clinic
